24th March 2022

Dear Parents/Carers of children in current Years 2 and 3

As you know from the information shared last July, and the information available on the school website, from September 2022, all Year 3 and 4 classes will be taught on our London Road school site.

The teachers have, and will, continue to talk to their classes about this, especially in the summer term.

Both year groups have been there within the last two years for 'Engage' events and have spoken excitedly about being there next year. We have been able to talk to them about the fact that both Year 3 and Year 4 will have their own playgrounds on the site and that we will also be utilising what is currently the Early Years playground as a scooter/bike garden for both year groups to share, which they can't wait to use. The children will also have access to the site's green spaces and playing field throughout the year.

We will be planning more visits for the current Year 2 and 3 classes who are based at Hackbridge Corner to visit the London Road site in the summer term, to support them in becoming more familiar with the space and where they will be learning next year.

We will set up our usual transition booklets in the summer term, but will include more photos and information to show different aspects of the London Road site.

We will also be arranging opportunities for parents/carers of children in current Years 2 and 3 to come and look around the London Road site in the summer term, as we are aware that many of you may not have had the chance to see it yourselves.

Yours sincerely

Mrs E Walford
Headteacher
